## GIRL IN REAL LIFE

12 0 1

### Chapter 1 by Paris Belle

The back of my throat swelled with anguish as she trembled on the couch. I felt the bile of shameful regret and disgust rise to meet it.

"I-I'm... Emily... I'm so sorry!" My voice was so raspy it hurt to speak. Her traumatized whimpering grew into a horrified sob. I backed away from her, waiting for her to lash out in the cruel revenge I so deserved...

He had touched her, placed his filthy, despicable hands on my sister... And it was all my fault...

This is the story of what is to be a teen girl in modern times. It is a realistic Fiction Based off essential events and points in my life. I will keep most of the dialogue 90% true to the real conversations I've had. But as writer and copyright owner of this novel, I have the right to poetic licence.

This novel will illustrate the journey to finding peace in who you are, accepting that the world isn't perfect, and realizing that by looking for perfection... You can loose sight of the ones who accent you for your imperfections
